

Quality Policy

Inesfly Corporation S.L. is seeking to strengthen its position in the market, in order to be a leader in its sector and achieve customer loyalty and satisfaction. With this purpose, the company is committing to communicate its Integrated Quality Policy throughout the organization, establishing the following values and engagements:

1. Fulfilment of Integrated Quality System: All staff must be engaged with the accomplishment of the Integrated System, defined through the guidelines, the procedures and quality instructions. For this purpose the entire staff has to be fully acquainted with their duties and the present Integrated Quality Policy, which has to be at their disposal.
2. Continuous improvements: the company must apply continuous improvements to all areas of the organization and these are based on the contributions made by the employees as well as the customers.
3. Fulfilment of the legal and regulatory requirements: Inesfly Corporation SL agrees to commit and abide to all legal and other requirements that the organization agrees upon.
4. Fulfilment of customer requirements: to achieve the highest customer satisfaction. The company has to meet their customers' specific needs, through the quality standards put in place in order to ensure that all products are in line with their consumers' requirements.

To achieve these principles, we consider it necessary to implement an Integrated Quality Management System, established by the standards of regency: UNE-EN ISO 9001: 2008

The Management agrees to maintain, enhance and revise the integrated system and provide the necessary resources to achieve that. They also request the involvement and participation of all the staff in order to achieve their goal.
